## INTRODUCTION

TBD

## DESIGN

TBD

## DISCUSSION

TBD

## DEPLOYMENT

Our application will be deployed using Ansible [1] playbook. Automated deployment should happen on two or more nodes clouds or on multiple clusters of a single cloud. Deployment script should install all necessary software along with the project code to the cluster nodes.

## CONCLUSION

TBD

## ACKNOWLEDGEMENT

We acknowledge our professor Gregor von Laszewski and all associate instructors for helping us and guiding us throughout this project.

## APPENDICES

TBD
